**FOR USE ON  
SELECT STEP**

Put the reversible "A" arm on the "A" post, with the "A" on the arm facing out.

Insert the secure lock in the end of the post, making sure it is locked into place.

This is how it should look when put together correctly.

Repeat the entire process for the "B" post and arm.

Now it is ready for use on the Select Step.

**ROLLER AND  
BRUSH MOUNTING  
BRACKET**

The Roller and Brush Mounting Bracket can be placed on any one of the 4 sides.

When attached to the long sides, the Mounting Bracket holds two items, a paint brush to the magnet and the roller on the Mounting Bracket. The Mounting Bracket can also be used on the ends of the Fuel Tank, but only for the brush use.

**FOR USE ON  
LITTLE GIANT  
XTREME™**

Slide the arm onto the end of the post. Make sure the post face away from each other and point inward.

To attach to the Little Giant Xtreme ladder, slide into the accessory ports.

To attach to the AirDeck, slide the arm onto the end of the post.

Before using Fuel Tank insert and secure the lock in the end of the post, making sure it is completely locked in place.

Now it is ready for use on the Little Giant Xtreme™.

**PAINT AND  
PEEL CLEAN -UP**

Simply pour out excess paint.

Let dry over night. Peel away with ease. No liners needed. Clean and ready to use.
