

TYPE IAA 375 LBS SPECIAL DUTY RATED

## INSTRUCTIONS

Thank you for purchasing the Little Giant AirWing – the next generation stepladder. The lightweight AirWing opens easily from a 3" storage profile, yet its patent pending pivoting steps offer comfortable 4.5 inch treads on each rung, with a very spacious, comfortable standing platform at the top. With a lightweight, slim profile and extra heavy duty construction rating, the AirWing is the perfect safe yet portable climbing solution for anyone from a seasoned construction pro to a busy do-it-yourselfer.

Please don't ignore the instructions! Make the most of your ladder system by learning how to use it safely. If you have any questions about how to operate your AirWing stepladder, please call us. We value our customers, and we're happy to help.

### TO OPEN:

Push down on the platform until the ladder is unfolded, continue to push on the platform until it is securely engaged.

### TO CLOSE:

Grab the back of the platform and pull upwards, disengaging the platform. The ladder will then fold inward until it is in storage position.

### REGISTER YOUR WARRANTY

The AirWing is offered with a one-year warranty against manufacturer defects. Register your warranty within 30 days after receipt of the product. You may register your product by going online to [www.LittleGiantLadders.com/registration](http://www.LittleGiantLadders.com/registration) or by completely filling out the warranty card and mailing it in.
